KIDNEGEN is highly recommended and unsurpassed for Weak or Foul Kkineys Dropsy, Bright's Disease, Loss of Energy, Nervous Debility, or any Obstructions arising from Kidney or Bladder Diseases. Also for Yellow Fever, Blood and Kidney Poisoning, in infected malarial sections.

LEF By the distillation of a FOREST LEAF with JUNIPER BERRIES and BARLEY MALT, we have discovered KIDNEGEN, which acts specifically on the Kidneys and Urinary Organs, ramoving injurious deposits formed in the bladder and preventing any straining, smarting sensation, heat or irritation in the membranous lining of the ducts or water passage. It excites a healthy section in the Kidneys, giving them strength, vigor, and resporing tness organs to a healthy condition, showing its effects on both the color and easy flow of urine. It can be taken at all times, in all climates and under all circumstances without injury to the system. Unlike any other preparation for Kidney difficulties, it has a very pleasant and agreeable taste and flavor. It has been difficult to make a preparation containing positive diuretic properties which will not nauseate, but be acceptable to the stomach. Before taking any Liver medicine try a bottle of KIDNEGEN to CLEANSE the Kidneys from foul matter. Try it, and you will always use it as a family medicine. Indies especially will like it, and gentlemen will find KIDNEGEN the best Kidney Tonic ever used.

NOTICE.—Each bottle bears the signature of LAWRENCE & MARTIN, also a proprietary government stamp, which permits KIDNEGEN to be sold (without license) by druggists, grocers and other persons everywhere.
